SCHOOL OF MEDICINE
CASE WESTERN RESERVE
UNIVERSITY

Master of Science in Anesthesia Program

**Locations in Cleveland Ohio,
Houston Texas, and Planned in
Washington D.C.**

Interested in a career in medicine but not sure
that medical school is right for you?

**Become an
Anesthesiologist Assistant
in just two years!**

Profession

- ✓ Anesthesiologist Assistants are allied health professionals working within the Anesthesia Care Team under the supervision of anesthesiologists.
- ✓ The Anesthesiologist Assistant concept has been in existence for more than 40 years.
- ✓ The Anesthesiologist Assistant program at Case Western Reserve University began in 1970. It is a highly-respected and well-established program.
- ✓ Starting salary for Anesthesiologist Assistants is approximately \$120,000 plus benefits based on a 40 hour work week.
- ✓ One third of the U.S. is open to Anesthesiologist Assistants and states are steadily acknowledging the profession. Since 2000 seven new states have opened to Anesthesiologist Assistant practice.
- ✓ Anesthesiologist Assistants practice in 17 states, including Ohio and Texas, plus the District of Columbia and nationally in the Department of Veterans Affairs.

Admission

Go to our website to apply to any location of the Master of Science in Anesthesia program

www.anesthesiaprogram.com

Indicate your preferred program location at the top of your Statement of Objectives

October 1st
Application deadline for all locations

No C grades will be accepted in prerequisite courses

Apply

- ✓ For the past 16 years 100% of our students who were actively seeking employment have had job offers before graduation.
- ✓ Our program has a strong clinical focus. Hands-on training begins in the first month.
- ✓ Maximum of 22 students per class provides a high faculty to student ratio.
- ✓ Elective rotations at other hospitals allow students to gain experience in different environments and to take advantage of networking opportunities.
- ✓ All subspecialties of anesthesiology are taught including trauma, neurology, pediatrics, cardiac, OB, ICU and regional anesthesia.
- ✓ Our program is affiliated with Case Western Reserve University's School of Medicine, University Hospitals Case Medical Center, and the Department of Anesthesiology and Perioperative Medicine.

MSA Program Student Chiefs **Class of 2011**

Brian Haskins

I chose CWRU because it offers the best clinical training opportunities, and employers say CWRU graduates are best prepared for the workforce.

Erika Swanson

I can't think of a more fulfilling job than being the person patients trust to see them safely through surgery. The AA profession will allow me to make a difference every day and yet have a balanced lifestyle.
