# How to Sign-in to SWU_Secure
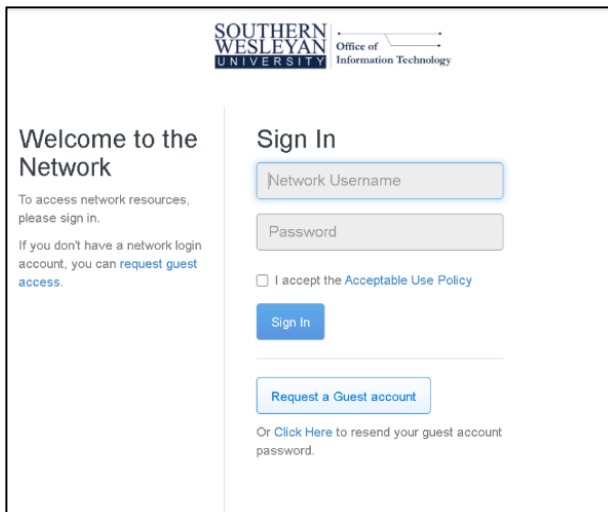

1. Open your WiFi settings and select **SWU_Secure**

2. You will be prompted for a password for the network. It is **Warriors**

3. Open a web browser *(if you are on mobile a pop-up window will appear)* and the Safe Connect Authentication page will appear. You will be prompted for a Username and Password

Your username is your SWU email without the email address (ex. **JohnSmith**@mail.swu.edu)

Your username is **case sensitive**.

Your password is the **same password you use to sign-in to your SWU email**.

Example:
Username: *JohnSmith*

If you have any issues the Office of Information Technology will be glad to assist. You can reach us at **(864) 644-5050.**
